Sir,

Applicants hereby request the status of the above-identified application. The application is a U.S. National Application, filed January 18, 2002, which is based on and claims priority of U.S. Provisional Application No. 60/262,465 filed January 18, 2001.

Applicants have not received any correspondence from the USPTO for approximately 13 months. Applicants' last submission to the USPTO was Payment of Issue Fee, transmitted on November 18, 2004. The Authorization to pay the issue fee, a copy enclosed, included a Transmittal Form (1 page), Issue Fee Transmittal Sheet (2 pages) and a Certificate of Transmission (1 page).

I have also enclosed a copy of the Facsimile Confirmation transmission showing that the authorization was received in the USPTO on November 18, 2004.

I have also consulted the Public Pair System which reflects that the Issue Fee has been received, but the patent has not issued.
